NORPOLK, VA., Feb. 25.—Henry F.
West, trustee for the Penn Mutual Insurance Company, of Philadelphia, this morning entered a suit in the Court of Law and Chancery for the appointment of receivers for the Atlantic Building Company, the owner of the Atlantic Hotel and to take charge of the collection of rents and the property for the recovery of its bonded debt of \$200,000, which amount was advanced by the Penn Mutual on the property at Mais and Granby Streets, on which the firm of John L. Williams & Sons, of Richmond, began to build a hotel. The bill in the case was filed this afternoon in the clerk's office and it is long and intricate.

Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mavy L.
